

Weather & Emergency Information School Closures

If the decision is made to cancel or delay school, local news channels and radio stations will be informed by 6:00 a.m. The school website and text app will also have this information. Please note that our decision will be made in reference to D49's but will be independent. Parents are asked to judge road conditions specific to their school route. Please inform the office if your child(ren) will not attend due to road/weather conditions. Closures and delays will also be posted on the school's website.

When a storm develops during the day, a decision may be made to send students home early. Please make prior arrangements if you are unable to pick up your child. Inform the school of these arrangements as soon as possible. Students will be released at any time to parents who believe weather conditions warrant the child(ren) be taken home.

Please note that if D49 closes its public schools, they will not provide lunch or bus service.
